AC-100120 10 HP Piston Air Compressor

Features:

- Heavy-duty, long life air compressor.
- This unit contains professional features such as heavy-duty motors, cast iron pump, pressure switches and safety valves.
- 100% Cast Iron High efficient Dual Cylinder Performance Pump.
- Self-Cleaning Special Valves for best smooth running
- ASME coded tanks for professional and industrial applications.
- Individual Muffler-Filter
- Copper tube after cooler. Finned tube jacket for Maximum heat dissipation.
- Oil level gauge and automotive type large air filter and silencer assure compressor always running in excellent condition.
- This industrial "W" style cast iron pump was designed with Max. balance and low speed for long dependable life.
- Automotive -type air filter and silencer.
- This unit comes with magnetic starters.

Specifications:

Model	H.P.	CFM	CFM	Max. Pressure	Machine	Volt /PH	Tank Capacity (GAL)
		Displacem	Free Air		Size (LxWxH)		
AC-3023	3	10.9	11.4	115	34" x 18" x 28"	230/1	23 HORIZONTAL
AC-5080	5	22.8	18.0	175	32" x 24" x 71"	230/1	80 VERTICAL
AC-7580	7.5	30.0	25.0	175	32" x 24" x 70"	230/3	80 VERTICAL
AC-100120	10	40.0	33.8	175	70" x 28" x 50"	230/3	120 HORIZONTAL
