### **Description :**

- **POWERMATIC WP 2510 PLANER**

The POWERMATIC "WP 2510" Planer with a 15 HP motor has a solid steel helical cutterhead with four-sided carbide knife inserts that require no adjustments when changing. With a digital readout and simple PC controller, setting up table heights is quick and easy.

- The frame is machined from heavy cast iron and has extra wide side panels that offer rigid bed support and ensure accurate alignment.
- The planer's segmented, serrated infeed roll with segmented chip breakers has an independent yield of 1/4". Its automatically adjusting, chain drive gear box powers the 3" dia. infeed rollers, solid pressure bar and dual outfeed rollers for precise feeding of stock.
- The 3-speed feed selector gives woodworkers flexibility by changing feed rates quickly and easily.
- The "WP 2510" Planer has a large 32-3/16" x 26" precision-ground table which contains two adjustable table rollers for smooth feeding of uneven stock. The planer has a Quick-Set micro-adjustable lever that
