Description :

- **DIEHL VS 81 Tapeless Veneer Splicer for Regular and Thick Veneer;**

For stock material from 1/64" to 1/4" thick and 6" min. length - special upgrades to process "thin or thick" veneer with **Thick Veneer Package**.

Specifications:

- 1.5 HP TEFC variable speed feed motor 15 - 85 FPM with digital feed speed indicator. Added Variable Speed Drive (VFD)
- Handles stock from 1/64" to 1/4" thick and 6" min. length, 42" max. width to the right.
- 4-Roll infeed matching roll assembly.

Special Feature: With **Thick Veneer Package** with special internal parts in the head that include **springs, shoe bolts, shoes, and fish-back parts (see photos)**. Plastic chain is better for thick veneer to reduce the highly increased friction that occurs when more downward pressure is needed (by operator via hand wheel) for the thick veneer. Package also includes **VFD added to easily reduce speed on thick**

veneer.

Features:

- Overhead holddowns to insure veneer flatness; digital thermostatic controls for upper & lower heater bars (200° - 500°F) total 9,000 watts;
- Lower driven brand new plastic chains to eliminate blue stain.
- Start/stop push buttons for feed motor, overload and under voltage protection.

Reconditioning includes plastic top feed chains. Machine warranty for 1-year.
