

**Machinery for the Woodworking, Stone,
Glass, Plastic, and Metalworking Industries**

Date : 07/05/2025 - 1:01 AM *
EXF # : WM-010502
Category : WINDOW - MFG. EQUIPMENT
Brand / Model : ELUMATEC "DG 244"
Machine Type : AUTOMATIC DOUBLE END MITER SAW
Year of Mfg. : 2014
Condition : Excellent condition
Elect / Voltage : 230/400 V, 50/60 Cy, 3 Ph.
Special Note : Best Buy

FOB / Region : EUROPE

Appr. Repl. Cost. : \$ 180,000

Price : **\$ 89,500 ***

Comment : Late model ELUMATEC
DG244 Automatic Dual head
saw!

Leasing : Lease for \$ 1,788/Mo. at
NCL

* Pricing is valid at the time of printing and subject to change at any time.

Description :

- **ELUMATEC DG 244 Twin Head Double Miter Saw For Window Profile Fabrication - 7.5 Meter With ELUMATEC E355 Positioning Controller**

CNC double-head miter saw with Elumatec reliable principle "Cutting from below" provides unhindered access to support table with a large saw blade diameter and optimal use of the saw blade offer an ideal cutting capacity for all cutting variations.

External dimension cuts at all angle positions. This means no length calculations are necessary when cutting profiles of different heights. The universal pivoting and tilting of both saw units allows cutting of high and wide profiles as well as every type of compound miter. Consequently, many profiles can be cut without support blocks.

External-dimension cuts possible for all cutting variations. Consequently, no complicated length calculations are necessary.

Specifications:

Cutting bed length: 7500 mm (19.7")
Min. cutting length at 90°: 375 mm (13-3/4")
Min. cutting length tilted at 45°: 375 mm

**Machinery for the Woodworking, Stone,
Glass, Plastic, and Metalworking Industries**

Pivoting range inwards: 90° - 45° (up to 22.5° manual with digital display)
Tilting range inwards pneumatically: 90° - 45°
Saw blade diameter: 550 mm
Saw blade speed: 2,250 RPM
Power output per motor: 4 kW (5.5 HP)
Compressed air supply: 7 bar (95 PSI)

Features:

Capability for series production as well as for special applications
Universal pivoting and tilting of both saw units allows cutting of high and wide profiles as well as every type of compound miter
External-dimension cuts possible for all cutting variants. Consequently, no complicated length calculations are necessary
Pivoting range with digital angle display
Safety hoods
Equipped with digital display as standard
Pulsed coolant system
Hydro-pneumatic saw feed
Advanced E555 (Windows) Computer

ELUMATEC E 355 Positioning Controller:

Measuring system is independent of the drive
Positioning accuracy +/- 0.1 mm per meter
Pneumatic locking at position
5.7" matrix display with membrane keyboard and hand wheel for navigation through the operation menus
Memory for 1,000 data records. Correction values for profiles
The block number, length dimension, profile number, angular position and quantity can be saved in the memory
Language selection
Switching between mm/inches
RS 232 interface
USB port on the front

NOTE: "2014" Machine is in excellent condition and ready for immediate shipment.

NOTE: EX-FACTORY's Logistic Department is experienced and setup to provide **"Full Service Logistics"** from Overseas Suppliers to your Door. ...Packaging, Container Loading, Ocean Freight, Marine Insurance (door to door), US or Canadian Customs, Duty and domestic shipping to your Plant Door.
