Elect / Voltage : 230 or 460 V, 60 Cy, 3 Ph
Special Note :

FOB / Region : WEST COAST
Appr. Repl. Cost. : \$ 37,000
Price : **\$ 35,990 ***
Comment : 25" Planer / Sander at affordable price!
Leasing : Lease for \$ 732/Mo. at NCL

* Pricing is valid at the time of printing and subject to change at any time.

Description :

- **CAM-WOOD WS-MN700NAX Planer/Sander**

Equipped with:

- (2) Heads with 27" width capacity planer head and combination sanding head
- This machine is specially designed for take-off heavy materials such as glued-up panels, bend boards, and rough lumber.
- **The first head** is a knife planer head, with 20 HP motor. The spiral planer cutterhead is fitted with 14 x 14 MM, four edge throw away Tungsten Carbide knife inserts, providing superior chip removal rate, minimum noise, and extremely smooth cutting effect. Changing knife inserts are conveniently done without removing the cutterhead.

**Machinery for the Woodworking, Stone,
Glass, Plastic, and Metalworking Industries**

- **The second head** is a combination of drum and platen driven by a 20 HP motor, belt size 28 3/4" X 75"
- Anti-kickback fingers, mounted at the infeed of the machine, these anti-kickback fingers provide a safety guard for the operator.

Features:

- Insufficient pressure protection, in case insufficient working air pressure occurs, the machine brakes automatically for safety guard.
Irreversible running of pressure roller, runs a single direction only, giving an additional safety guard for panel kickback.
- Motorized elevation of conveyor table (micro-computer controlled with digital readout), it accurately displays the position of the conveyor table and automatically moves to the setting thickness for planing, sanding.
- Panel cleaning brush roller; built-in at the outfeed end of the machine, the cleaning brush roller cleans the fine sanding dust off the sanded panel.
- Hold-down plate is hard chrome treated for maximum wear resistance.

Technical Specification:

- Working width 27"
- Working thickness up to 6 1/4"
- Minimum working length 20"
- Feed speed 20 to 90 FPM inverted driven by 3 HP motor
- Table raised and lowered by 1/2 HP motor
