#### Description :

- **CAM-WOOD WP-660A Single-Sided 15 HP, 26" Planer**

#### Features:

- Spiral cutter-head provides precise, efficient planing with low noise levels.
- Automatic digital thickness controller for quick & accurate settings.
- The motorized worktable raises & lowers by a separate motor for more efficient operation.
- The specially designed infinitely variable feed system is powered by a separate motor and allows adjustment to the exact feed rate for planing a precision smooth finish on both hard and softwoods.
